RE: RECOMMENDATION LETTER FOR MR. GEORGE MBUVI

This is to certify that Mr. George M. Mbuvi a student in BSc industrial chemistry at Dedan Kimathi University was attached to Kabansora millers ltd from 17th Jan 2023 to 18th march 2023. During this period he was exposed to various aspects of different laboratory equipment's and milling technology.

1. Receiving and handling raw materials -Sampling and grading
 - bushel weight
 - aflatoxin test
 - moisture content test
 - organoleptic test
2. HCCP implementation
3. Quality control and assurance procedures
4. Milling process for both wheat and maize
5. Handling finished products.

Mr. Mbuvi's work performance has been satisfactory and reliable, He is a hardworking person who requires minimum supervision and has shown great interest in advancing his knowledge and improving his work performance. He gets along well with his supervisor and other personnel. He is socially dynamic and can provide assistance to his colleagues. He is punctual and dedicated to his work
